

Danny A. Beeman, MPT, CFCE, CLCP, PGAP

425-318-0551 | dannybeemanmpt@gmail.com | Kent, WA & Silverdale, WA

Professional Summary

Owner and Clinical Director of PhysioWorks (Kent) and PhysioWorks Silverdale outpatient physical therapy clinics with an occupational medicine and work rehabilitation focus. Physical Therapist with 26+ years of experience and extensive background in work rehabilitation, job demands analysis, and Functional Capacity Evaluations (FCEs). Certified Functional Capacity Evaluator (BTE; OccuPro) who has performed approximately 800 FCEs and provides expert witness services including medical record review and deposition testimony experiences. Known for clear, objective documentation and defensible, job-relevant restrictions.

- Established and implemented three Washington State certified Work Rehabilitation programs (Labor & Industries).
- Regularly reviews FCE and work rehabilitation documentation completed by other clinicians as part of clinical oversight and quality assurance.
- Experienced in communicating findings to attorneys and stakeholders with an emphasis on clarity, consistency of effort/validity indicators, and functional relevance.

Areas of Expertise

- Functional Capacity Evaluations (FCE) – administration, interpretation, job demands comparison, and report writing
- Consistency of effort, validity indicators, and symptom behavior documentation
- Work Rehabilitation / Work Conditioning / Work Hardening program development and implementation
- Medical records review and clinical analysis for functional limitations and restrictions
- Expert witness services: written opinions, deposition testimony, and case consultation
- Clinic leadership: compliance, policy development, contracts, HR, and operations management
- Experiences in Washington State workers compensation along with Federal Workers Compensation (OWCP)

Professional Experience

PhysioWorks, Kent, WA & PhysioWorks Silverdale, WA | Owner / Physical Therapist (July 2013 – Present)

- Provide Physical Therapy and Occupational Therapy services with a focus on injured workers and occupational medicine.
- Specialize in Work Rehabilitation programs and Functional Capacity Evaluations; deliver job-relevant restrictions and tolerance-based recommendations.
- Oversee evaluation, treatment planning, progress monitoring, and return-to-work decision support for complex musculoskeletal and functional limitations.
- Provide expert witness consultation and medical records review as requested by attorneys and other stakeholders.
- Manage clinic operations including HR, contracts, service agreements, bookkeeping, and payroll.

Evergreen Health, Kirkland, WA | Home Health / Clinical Physical Therapist (March 2011 – March 2013)

- Conducted initial evaluations and ongoing reassessments to determine functional status and care needs.
- Managed treatment plans for a diverse patient population, including adaptive equipment education for patients and families.

Gentiva, Seattle/Everett, WA | Home Health / Clinical Physical Therapist (July 2005 – March 2007)

- Provided physical therapy services across long-term care, rehabilitation, and assisted living settings, including evaluations and treatments.
- Led home safety evaluations and care planning for patients with spinal cord injury, brain injury, and neurological disabilities.

Providence Hospice and Home Care, Everett, WA | Home Health / Clinical Physical Therapist (February 2001 – June 2005)

- Delivered comprehensive rehabilitation services including fall prevention and joint replacement protocols.
- Contributed to development of OASIS standards and provided clinical input for beta software versions.

Life Care Center of Bothell, Bothell, WA | Lead Physical Therapist (November 1999 – February 2001)

- Led a team in developing care plans; evaluated patients requiring prosthetics, custom wheelchairs, and post-amputation treatment planning.
- Supervised PT assistants and aides; developed documentation pathways to improve clinic efficiency.
